

**United States Patent & Trademark Office**

*In re Application of: Wolfe*

*Title: Efficiently Displaying and Researching Information about the Interrelationships between Documents*

*Filed August 29, 2003, Art Unit 2176, Examiner: Michael K. Botts*

*Serial No. 10/652,670, Confirmation No. 2529, Docket 295*

---

**REMARKS**

---

This Rule 114 Request for Continued Examination of application Serial no. 10/652,670 is being filed for the purpose of adding new claims 82-87. Previously allowed claims 59-81 have not been amended.

New independent claim 82 is roughly based on previously allowed independent claims 74 and 79. Note that claim 82 requires that “the representation of the third web page is *automatically included* within the transferred first web page . . . .” See claim 82, 4<sup>th</sup> full paragraph on page 11 of the enclosed claim amendments. Claim 82 further requires that the representation of the third web page:

comprises a selectable hyperlink to the third web page that is *positioned below the first content portion within the first web page* to thereby enable convenient access, from within the first web page, to the second author’s commentary . . .

See claim 82 (emphasis added), 6<sup>th</sup> full paragraph on page 11 of the enclosed claim amendments. See also, Figures 12(a) to 12(f) and accompanying text of the specification.

This application should be in condition for allowance. Should the Examiner feel that a conversation with the Applicant will expedite the examination of this application, the Examiner is encouraged to telephone the undersigned at the number listed below.

Respectfully submitted,

Dated: April 5, 2007

/Mark A. Wolfe/
